

**360 Degree Business Shield-
Sookshma Alternate**

As an entrepreneur involved in trading/enterprise, you are focused on Manufacturing, selling and collecting the price of goods and services that you deliver.

There are risk exposures which have the potential to disrupt both your focus and your business - from a broken show room window to a major fire. You would ideally need to identify, assess your risk exposures, correlate them with the most suited insurance policies and decide on the quantum of coverage required before you approach an insurer. All these tasks could be difficult and time consuming.

With these challenges in mind, we present the Royal Sundaram 360 Degree insurance policy with

- comprehensive coverage for multiple exposures

- automatic limits with variants based on your business volume and size

360 Degree policy covers:

- Fire Section and Burglary Section, covering damage to your buildings, equipment, fittings, signs and improvements due to an accident as well as fire and allied perils, such as lightning, explosion, riot, strike, flood, storm and impact damage, Burglary, and theft.
- Loss of money in transit or in a safe
- Financial loss due to dishonesty of employees
- Liability to visitors and the general public due to accidental physical injury or death or for accidental damage to their property

The policy offers you a number of plan options as follows:

Plan type/ Section covered	Plan 1 - Silver	Plan 2 - Ruby	Plan 3 - Gold
