Condition of Average Clause applicable in respect of Building

If the building hereby insured shall at the breaking out of any fire or at the commencement of any destruction of or damage to the building by any peril hereby insured against be collectively of greater value than the sum insured thereon, then the insured shall be considered as being his own insurer for the difference and shall bear a rateable proportion of the loss accordingly. Every item, if more than one, of the policy shall be separately subject to this condition. However, in the case of partial losses, this condition shall not be of effect if the sum insured is lesser than the value at risk up to an extent of 15%.

For e.g. if on the date of loss, if a 1000 sq ft house is insured for Rs.2500000/- (at cost of construction – Rs.2500/sq ft) and on the date of loss if the cost of construction is ascertained to be Rs.2750/sq.ft, the sum insured should have been Rs.27,50,000 instead of Rs.25 lacs. However, since the building is under insured only to the extent of 10% ((27.50 lacs-25 lacs)/25 lacs)%. While a total loss would be settled for Rs.25 lacs, a partial loss of Rs.2 lacs (for e.g.) will be settled for actual loss amount without getting penalized for under insurance.

On the other hand, if the cost of construction is ascertained to be Rs.3000/sq ft, then under insurance is to an extent of 20%. While a total loss would be settled for Rs.25 lacs, a partial loss of Rs.2 lacs (for e.g.) will be settled for 1.60 lacs only after deducting 20% for under insurance.

Escalation Clause

It is hereby agreed that for policies with tenure of more than one year, when opted by the insured, the sum insured as per the schedule of the policy is automatically increased by 10% on completion of every 12 months from date of commencement of cover.

| Example | |
|---|----------------------|
| Sum insured at inception of policy period | Rs1,00,000 |
| Sum insured for the 2nd year of policy | Rs 1,00,000 + 10,000 |
| Sum insured for the 3rd year of policy | Rs 1,00,000 + 20,000 |
| | |
| and so on, on completion of every one year till expiry of the policy tenure | |

However if a claim is reported or paid and insured opts not to reinstate the sum insured, the escalation will apply on the reduced sum insured after deducting the reported or paid claim amount.

Basis of Loss settlement:

Reinstatement Value Basis (with or without escalation) – Applicable only in respect of Silver, Gold, Platinum and Diamond Plans.

Cost of replacing or reinstating on the same site or any other site with property of the same kind or type but not superior to or more extensive than the insured property when new as on date of the loss. (Escalation percentage to be added if opted for long term policies)

If insured is unable, unwilling to replace or reinstate - cost of construction of property of the same kind or type but not superior to or more extensive than the insured property when new as on date of the loss, less depreciation at 2.5%/year or part thereof depending upon the age of the “Building” (escalation percentage to be added if opted for long term policies)

For partial losses, actual cost of repairs provided same completed within 12 months. If completion takes place after 12 months, depreciation will be applicable.

Indemnity Basis (with or without escalation)- Applicable only in respect of Bronze Plan

Cost of construction on the date of loss less depreciation at 2.5%/year or part thereof (escalation percentage to be added if opted)

For partial losses, actual cost of repairs provided same completed within 12 months less depreciation at 2.5%/year or part thereof depending upon the age of the “Building”.

Special Condition related to building claims

Insured shall furnish to the Insurer at the time of making a claim under this Policy the Government / Municipally approved plans which contains the details of the legally approved area of the “Building” being the subject matter of this Insurance. This is a condition precedent to the insurer being liable under the policy

Examples

In the case of a total loss of a flat with built up area of 1000 sq ft, if basis of sum insured is Reinstatement Value and the rate of construction per sq ft is Rs.2500/- as per Government authorities, then Rs.25 lacs shall be the claim amount in the case of total loss. In the case of partial loss, actual cost of repairs provided same is completed within a period of 12 months. Depreciation will be applicable if completed after 12 months. If the customer has opted for escalation benefit and the claim has happened in the second year, the sum insured would have become Rs.27.50 lacs and in the case of a total loss, a sum of Rs.27.50 lacs would have been payable.

For the same flat with built up area of 1000 sq ft, if basis of sum insured is Indemnity Value and the rate of construction per sq ft is Rs.2500/- as per Government authorities, and if the building is 4 years old, then Rs.22.50 lacs shall be the claim amount in the case of total loss. (i.e. after deducting 10% depreciation at the rate of 2.50% every year). In the case of partial loss, actual cost of repairs less depreciation at the rate of 2.50% per year or part thereof. If the customer has opted for escalation benefit and the claim has happened in the second year, the sum insured would have become Rs.27.50 lacs and in the case of a total loss, a sum of Rs.24.06 lacs (27.50 lacs less 12.5% depreciation) would have been payable.
